Increase Your Company’s Visibility and Support MABSA!

The Mid-Atlantic Biological Safety Association (MABSA) is pleased to present an opportunity for you to increase your company’s visibility while supporting the biological safety community at our 2022 MABSA Annual Symposium. Our attendees represent a broad spectrum of biological, pharmaceutical, and biotechnology research, development and clinical organizations. The in-person symposium generally draws 50 - 60 influential decision makers from academic, commercial and government sectors in the NJ, NY, PA, DE and CT area. This year we will be a hybrid symposium which is expected to increase attendance to a wider geography of participants.
